- Azerbaijani: Native
- Turkish: Proficiency (C1)

## ABOUT ME

I am a Full Stack Web Developer with experience in both frontend and backend development. I build modern applications using React and develop scalable backend services with Node.js, NestJS, Express.js, and Java Spring Boot. I am passionate about building reliable software and continuously improving my technical skills.

## WORK EXPERIENCE

### Cubics Technology LLC

July 2025 - September 2026

#### Full Stack Developer

Baku, Azerbaijan (On-site)

Worked on Cubics BMS (Business Management System), an ERP platform with modules including CRM, Sales, Finance, HR, Project Management, Analytics, and Document Management. Used React, Ant Design, and RTK Query for frontend development. Developed backend microservices with NestJS, Java Spring Boot, MongoDB, PostgreSQL, Docker, and Kafka.

### IDTech Academy

May 2025 - Present

#### IT and Web Development Instructor

Baku, Azerbaijan (On-site)

Teach students aged 8-16 at IDSchool under IDTech Academy, covering IT fundamentals, including computer hardware, software, algorithms, networking, and UI design with Figma. Deliver frontend lessons using HTML, CSS, and JavaScript, and backend lessons using Python, FastAPI, and SQLite.

### Webluna Software

April 2025 - July 2025

#### Frontend Developer Intern

Baku, Azerbaijan (On-site)

Worked as a Frontend Developer Intern in a development team, building responsive web applications with React, Bootstrap, and Sass. Contributed to two real-world projects: SABAT, an e-commerce bookstore platform, and the Girls Code Azerbaijan Scholarship Program website.

### Intern Intelligence

March 2025 - April 2025

#### Frontend Developer Intern

India (Remote)

## EDUCATION

### Bachelor of Information Technology (BTECH)

Azerbaijan State University of Economics

July, 2023 - July, 2027

### Frontend Development

Matrix Academy

October, 2024 - February, 2025
